## FIGURE 2

<u>Strategy #2</u>: DEL and its partners will convene stakeholders at a forum during which participants will help move Washington one step closer to developing our statewide early learning plan.

<u>Purpose/rationale</u>: To select and define indicators that will establish a baseline and measure progress in systems affecting children and families, as well as child and family well-being, in at least four areas: early care and education; parent information and support; (physical) health and (mental) well-being; and special needs and intervention—with the goal of having each child in Washington state healthy and ready to succeed in school and in life.

## **Related ELP Guiding Principles:**

- Community & state level strategies deliberately integrated into plan
- Integrate/represent Kids Matter work (as existing effort) where possible
- Align strategies with Washington Learns recommendations
- Involves partners from across early learning systems and sectors
- Cultural relevance/diversity recognition
- Strategic/opportunistic

- Action-oriented
- Build on existing efforts/strengths
- Whole child-focused
- Defined/desired outcomes\*
- Clear/useful to parents
- Public/private
- Social-ecological framework
- Integration of systems/disciplines
